## School Report.

—o—

### DISTRICT No. 1, EDWARD HERRICK, Agent.

*Summer Term* taught by Grace E. Foster. Whole number attending in Summer, 18; average, 15; length of term, 10 weeks; wages of teacher, \$5.00 per week; board, \$2.00 per week. This was a very profitable term to the district. Miss Foster did not confine herself to text books alone, but did quite an amount of useful and practical work besides.

*Fall Term* taught by Hannah J. Noyes. Whole number attending in fall, 19; average, 14; length of term, 12 weeks; wages of teacher, \$4.00 per week; board, per week, \$2.00. Miss Noyes is a teacher of much experience, and thorough work was done.

### DISTRICT No. 2, FRANCIS E. COLE, Agent.

*Summer Term* taught by Fannie E. Brooks. Whole number of scholars in attendance, 22; average, 18; length of term, 8 weeks; wages of teacher, \$4.00 per week; board, \$1.20 per week. Miss Brooks has taught several terms in town heretofore, with good success; but she was not quite able to keep this school under good discipline, and the school was not as profitable as it otherwise would have been.

*Fall Term*, of 8 weeks, taught by Angie E. Penley. Whole number attending school, 20; average, 18; wages of teacher, \$4.25 per week; board, 1.25 per week. The examination at the close of the term showed that good and thorough work had been done.

*Winter Term*, of 12 weeks, taught by same teacher, and at time of reporting is still in session. The attendance for winter term not as good; there are some scholars in this district that are determined not to attend school, which makes work for the truant officers—although I think the parents are as much to blame as the scholars. Some trouble was caused in this term by the district trying to keep scholars from other districts out, which they had no lawful right to do.

DISTRICT No. 4, ALBION TUBBS, Agent.

*Summer Term* taught by Lena M. Felt. Whole number attending school, 13; average, 11; wages of teacher, \$3.50 per week; board, \$1.85 per week. Miss Felt obtained the good will of the scholars, and the term was pleasant and profitable.

*Fall Term* was under the management of Alice G. Morse. Number attending school, 14; average, 11; wages of teacher, \$3.00 per week; board, \$1.70 per week. Miss Morse is an experienced teacher, and so far as I can learn has given perfect satisfaction to all interested therein.

*Winter Term* taught by same teacher, is at this writing, still in session; more scholars are in attendance and no doubt the term will be satisfactory.

DISTRICT No. 5, ASA PACKARD, Agent.

*Summer Term* successfully taught by Angie E. Penley. Whole number of scholars in attendance, 12; average, 10; length of term, 8 weeks; wages of teacher, \$3.00 per week; price of board, \$1.15 per week.

*Winter Term* taught by A. A. French. Whole number of scholars, 15; average number, 14; length of term, 10 weeks; wages of teacher, \$22.00 per month; price of board, per week, \$1.25. This was Mr. French's first experience in teaching; he possesses many good points as a teacher, and completely won the esteem of all connected with the school.

DISTRICT No. 7, ADNEY TUELL, Agent.

*Summer Term* taught by Sadie M. Abbott. Whole number of scholars in attendance, 15; average number, 12; length of term, 12 weeks; wages of teacher, \$3.00 per week; price of board, per week, \$1.94. Miss Abbott worked hard and was successful.

*Winter Term*, of 11 weeks, taught by F. R. Dyer. Whole number attending, 19; average number, 15; wages of teacher, \$25.00 per month; price of board, \$2.15 per week. This was Mr. Dyer's first term. He maintained good order and so far as I know gave good satisfaction.

Another term of 4 weeks is in progress at time of reporting, taught by Miss Robbins, an experienced teacher.

DISTRICT No. 8, JOHN TITUS, Agent.

*Summer Term* taught by Lizzie Stevens. This was Miss Stevens' first term; she kept good order and a satisfactory amount of work was done. Length of term, 12 weeks; number attending school, 10; average number, 7; wages of teacher, \$2.00 per week; price of board, \$1.25 per week.

*Winter Term* taught by Fannie E. Brooks. On account of bad travelling was unable to visit this term at its close; therefore cannot report amount of work done. Register not received at time of reporting.

DISTRICT No. 9, C. K. CROSS, Agent.

*Summer and Fall* schools in one term, and taught by Nettie B. Cummings. Whole number of scholars attending school, 3; wages of teacher, \$4.00 per week; price of board, \$2.00 per week; length of school, 10 weeks.

DISTRICT No. 10, A. W. HERRICK, Agent.

*Summer Term* taught by Mattie D. Tracy. Whole number attending school, 24; average number, 20; length of term, 10 weeks; wages of teacher, \$4.00 per week; price of board, \$2.50 per week. Miss Tracy possesses many good qualities as a teacher, and has earned an enviable reputation in teaching.

*Fall Term* successfully taught by Clara M. Hobbs. Length of school, 10 weeks; whole number attending, 19; average number, 15; wages of teacher, \$4.50 per week; board, per week, \$2.50.

DISTRICT No. 11, AUGUSTUS HICKS, Agent.

*Summer and Fall Terms* taught by Jennie Coffin. Whole number attending in Summer, 14; in Fall, 11; average, in Summer, 11; in Fall, 8; length of school in Summer, 8 weeks; in Fall, 10 weeks. Miss Coffin is an excellent teacher, and the district was fortunate in securing her services.

DISTRICT No. 12, ROYAL MARTIN, Agent.

Money all expended in one term of 10 weeks. Whole number attending school, 8; average number, 7; wages of teacher, \$3.25 per week; board, per week, \$1.15; taught by Bertha O. Kimball. The school showed marked improvement under her management.

DISTRICT No. 13, A. M. BONNEY, Agent.

*Summer Term* taught by Sadie H. Frost. This was Miss Frost's first attempt at teaching and I am sorry to say it was not as successful as one could wish. Length of term, 7 weeks; whole number attending school, 5; average, 3; wages of teacher, \$2.00 per week; price of board, \$1.50 per week.

*Fall Term*, of 7 weeks, taught by Lizzie Stevens. Miss Stevens did all that could be expected with so few scholars. Wages of teacher, \$3.00 per week; board, per week, \$1.50; whole number attending school, 4; average number, 3.

For the past year our schools have been very successful generally. I think, in order to comply with the new law, we had best discontinue District No. 13, also No. 9, for the present at least, and perhaps the school in District No. 12, if convenient arrangements can be made to school the scholars, in said districts, elsewhere. I see no reason why the scholars in District No. 13 cannot be united with District No. 1, with the exception of Mr. Bonney's, which, if he preferred, could be schooled at North Norway, and the scholars in District No. 9 be provided for in No. 10, excepting C. K. Cross, who should have a chance to send to No. 7 if he wished to do so. In District No. 12 they are, for the most part, small scholars; it seems to me that they could be provided for in District No. 2 much better and cheaper than to support a school in the old district. I would recommend that the town raise \$60.00 this year to buy school books, which is an average of about thirty-five cents a head for the number attending school.

Respectfully submitted,

G. W. RICHARDSON,

*Supervisor.*
